

ALIGATOR NOZZLE™

Clean-up Grain Nozzle in sizes 5", 6", 7" and 8"
Head and handle made of aluminum
User-friendly, Ultra-flexible, light-weight hose
Rides on two sets of casters
Fits on any grain vac

With the (two) 5 foot or 7 ½ foot hoses, the tube with caster wheels goes between the two hoses. The output end has a short tube for coupling to the vac, which can be matched to various styles. The 7" and 8" nozzles have been readily accepted by the consumers with fan machines.
